THE UNIVERSITY GREENING TOOLBOX

The University Greening Toolbox is the result of the Erasmus+-funded project GET-AHED - „Green Education and Transition - A Higher Education Digital Buddy".

The toolbox is designed to provide Higher Education Institutes (HEIs) across the EU with a range of online tools to enable them to implement the EU's Green Transition, Green Education and Training priorities.

Learn more about the GET-AHED Project here:

green-uni-toolbox.eu

GET-AHED

Self-Assessment Toolkit

An online self-assessment toolkit to assess your institution's environmental sustainability performance across a range of dimensions and indicators.

Training Resources for the Green Transition

A set of training materials to support the facilitation of the green transition in your institution.

Case Studies to support the Green Transition

Case studies to facilitate the green transition in your institution.
